YES, Livestock Exchange will pay for your breeding bulls up-front and charge you 0% interest.

SIMPLE — HOW IT WORKS...

Livestock Exchange, through their experienced dairy agents, purchase the bulls to your requirements at an agreed price between both parties. Once you have finished with the bulls, Livestock Exchange will kill/sell the bulls on the competitive schedule to your agreement. Prices will be up-front. Funds will be credited to Livestock Exchange.

EASY AS...

Once the bulls have been killed/sold paperwork will be documented and an invoice will be sent to you for the difference of the buy-in price and the kill/sold price. There will be a \$45.00+GST administration fee per bull purchased.

OUR COMMITMENT TO YOU...

All bulls will be BVD, EBL tested and paperwork provided. We guarantee all bulls which are delivered meet your requirements. We pride ourselves on delivery of quality stock at competitive prices, always.

We are very pleased to be able to offer you this option around tight cashflow times.

**WE ARE THE BOYS TO BUY
YOUR BULLS FROM!**

Please contact one of our
agents for contract forms.
